Letter from Anne Graham Lotz

Summer 2011

*“For the Son of Man is going to come in his Father’s glory  
with his angels....”* -- Matthew 16:27

I am expecting to see Jesus! In the deep place where nobody goes...in the very deepest core of my being...in the deep inner place of knowing...in that same deep place I *know* that my generation is the one that immediately precedes the return of Jesus Christ to earth. Jesus is coming! *I know it!*

How can anyone *know* such a thing? My knowledge is not based on my hopeful thinking...not on dreams and wishes and feelings...not on hearsay or doom...not on gloomy economic forecasts...not on the dramatic political, social, cultural, medical, environmental and moral cataclysmic changes taking place in our world today...not on environmental disasters of biblical proportion like Hurricane Katrina or the Japanese earthquake, tsunami and nuclear meltdown. I base my deep inner conviction on what Jesus said.

The signs that Jesus gave and the headlines in the news are coming together in a dramatically sobering way. I’m alarmed because it’s five minutes to midnight on the time clock of history, and so many Christians seem to be sleeping! While I believe we are living in the most strategic and critical generation in all of history, other than perhaps the original one and also the one which witnessed the first coming of Jesus Christ to earth, God’s people in general seem to be oblivious to what time it is! We are fanatical about sports; we are consumed with eating and exercise and entertainment; we mob the shopping malls; we are preoccupied with the lifestyles of the rich and famous; we zealously pursue greater heights on the corporate ladder, fight over the style of church music, argue over political candidates, dream of bigger houses and cars and portfolios...totally unaware that we are all living on the brink of...*what?* We are living on the brink of radical inside-out, upside-down, never-be-the-same-again *change!* We are teetering on the edge of a giant abyss where time stops and eternity begins, yet we seem to be living our lives as though this life is all there is or ever will be.

The burden on my heart is to wake people up...to wake *you* up! The burden is so heavy and the vision is so clear that at times life around me seems surreal. I see people sleep-walking when they should be on high alert...their eyes blinded, ears deafened, minds numbed, and hearts hardened to warnings, like 9/11. Warnings that are so loud they should wake the spiritually dead. Yet many sleep on in lethargy, complacency, apathy...and just plain denial.

Jesus *is* coming! I *am* going to see Him. If I’m mistaken about what time it is in human history...and I readily concede that I may be wrong...if I have lived every day of my life expecting to see Jesus in the next five minutes, and I don’t... what have I lost? *Nothing!* What have I gained? *Everything!* Because my faith will become sight in one of two ways... either at His physical return to earth, or at the moment of my own death. Whichever way it unfolds, I am expecting to see Jesus! *He’s coming!* Join this AnGeL in living life so that when we see Him face to face, we will have no regrets!

Read Matthew 24:42-50

In view of the fact that we're expecting to see Jesus at any moment, He tells us to take three primary actions: to watch for His return, to work until He does return, and to walk with Him in such a way that our lives are a witness to others. From the following list, match each of the references with one of the three actions:

Matthew 24:42-44, 24:45-46, 25:13, 25:14-20, 25:31-36; Luke 21:34-36; 1 John 2:28;  
1 Peter 4:7-8; 2 Peter 3:11-12a, 3:14; 2 Timothy 4:1; 1 Thessalonians 5:1-6.

- \*\* What will you do now to incorporate all three actions into your daily life?
- \*\* Will you live your life with the keen expectancy of seeing Jesus?

## *Expecting to See Jesus*

*Expecting to See Jesus* - the expanded edition of *I Saw The LORD* - is the result of Anne's life lived in the hope of Jesus' return. As you journey with her through the pages of the Bible, you'll come to realize why she lives her life expecting to see Jesus at any minute. And, she wants to make sure you and all other Christians are ready for that moment when your faith becomes sight.

Anne knows from personal experience that it's in the busyness of our days, as we're drifting in comfortable complacency, that we most need a wake-up call - a jolt that pushes us to seek out a revival of our passion for Jesus that began as a blazing fire, but somehow has died down to an ineffective glow. In *Expecting to See Jesus*, Anne points out the biblical signs she sees in the world all around us and shows how you can experience an authentic, deeper, richer relationship with God in a life-changing, fire-blazing revival.
